

Dear Partners!

The Faculty of Informatics of the University of Debrecen is organizing the 29th edition of the IT Professional Days on 17-18 April 2024 (Wednesday-Thursday), to which your company/institution/organization is cordially invited.

Within the framework of the IT Professional Days, we offer our company/institutional partners the opportunity to give two 30-minute presentations in Hungarian and/or English, to have a stand on the floors of the Faculty building, and to conduct trial interviews with our students. The fee for our partners for the entire duration of the event is 100 000 HUF.

Our partners can choose Key Partner status, too. In this case they can set up their stand in the lobby of the Faculty building, on the ground floor. In addition to the Partner status, we will also ensure that their company name and logo will be prominently displayed on the event website, they will be featured in DEIK news related to the event, they will receive an extra 30 minutes of presentation and their promotional video will be played in the lobby during the event. This status is available for 250 000 HUF.

The venue is the Faculty of Informatics of the University of Debrecen (4028 Debrecen, Kassai út 26.).

If you would like to participate in the IT Professional Days, please fill in the registration form.

Registration starts on 23 February (Friday).

Registration deadline: 1 April (Monday) noon

Registration interface: <https://ik.unideb.hu/szakmainapok/registrazcio/>

To access the registration area, everyone must register, previous registrations are no longer valid.

Presentation dates and stand places are available on a first come, first served basis, so the earlier you register, the more stands you can choose from. There are currently two sessions for which presentations can be booked, so two time slots can be reserved for each date. Please register with these in mind.

The programme of the workshops will be published on 8 April and further technical details will be kept available.

Deadline for payment of the participation fee: 10 April

Participants can choose the payment method that suits them best from the following options:

- Donation contract (VAT exempt)
- Stand rental contract (in this case 27% VAT is added to the participation fee)

To encourage student interest, a raffle draw will be held at the end of the event. The raffle tickets will be distributed in proportion to the attendance at the lectures, i.e. those who attended more lectures will receive more raffle tickets. We ask our esteemed partners to support this endeavour by donating raffle items, which we thank in advance.

We will keep our partners updated with further details on the event.
