**Valuation Risk Internship
Budapest**

During this internship you will be part of the Valuation Control team that leverages its diverse quantitative skill set and intimate product expertise to act as a guardian and approver of valuation methodology. You will have the opportunity to engage with global offices (i.e. New York, London, Hong Kong, Tokyo) from our Budapest office for a 6-12 months period and can work in a flexible work arrangement, 20-40 hours per week.

We offer:

- A supportive and vibrant multinational environment in an inspiring international team
- Continuous development opportunities and training tools
- Chance for rotation within teams after 6 months
- Opportunity to participate in the firm's networking events
- Internship extension / Full-time offer upon graduation

You will:

- Get exposure to one or more of these Asset Classes: Equity, Commodities, Credit, Lending, and Interest- and FX rates
- Provide support in the independent valuations processes of a global portfolio of financial assets using external data sources and internal models
- Learn about pricing and assessing market risk with the use of valuation and risk models
- Understand global financial markets, follow market movements, and comprehend the impact on the portfolio and firm

You have:

- Ongoing BSc (or above) studies in Finance, Economics, Accounting or other quantitative fields
- Interest in financial markets and products and eagerness to learn more
- Problem solving skills with logical thinking and the ability to prioritize
- Familiarity with Excel – VBA knowledge is an advantage
- Good command of spoken and written English

Application process:

If you are interested in the above opportunity, please [apply here](#) by submitting your English CV.

Applications are reviewed on a rolling basis. We encourage you to apply as soon as you are ready.
